

ZONAL DEVELOPMENT PLAN
FOR
ZONE – “M”
(ROHINI SUB-CITY)
(North West Delhi-II)

**MODIFIED BASED ON THE APPROVAL OF GOVERNMENT OF INDIA
VIDE LETTER NO. K-12011/23/2009 - DDIB DATED 8TH MARCH 2010
AND VIDE LETTER EVEN NO. DATED 26TH MAY , 2010.**

ZDP for Zone-M Rohini Sub-city (North West Delhi-II)
Authenticated on behalf of the Government of India vide letter
No.K-12011/3/Zone-M/2010-DD.IB. Dated 1st June 2010.

-Sd-

U.VISWANADHAM
Under Secretary to the Govt.of India
Ministry of Urban Development
Nirman Bhawan, New Delhi

ROHINI PROJECT OFFICE
DELHI DEVELOPMENT AUTHORITY

PREAMBLE

- (i) The Zonal Development plan for Zone - M has been approved by Government of India vide letter No.K-12011/23/2009-DDIB dated 8.3.2010 and No.K-12011/23/2009-DDIB dated 26.5.2010 under Section 11-A of DD Act, 1957.
- (ii) The regularization of Cultural, Religious (including Spiritual), Educational and Healthcare Institution shall be subject to fulfillment of the Conditions as given in para no. 7.5.2, of the ZDP/ Govt. directions issued from time to time.
- (iii) Indication of influence Zone along MRTS/ Major Transport Corridor as well as indication of uses other than residential and facility corridor shall be undertaken at the stage of Layout Plan/ Local Area Plans, as per provisions of MPD-2021 and the Guidelines / Conditions, as notified by DDA with the approval of Government of India from time to time.

ZONAL DEVELOPMENT PLAN – ZONE-M

ANNEXURES:	Page
Annexure I Population of Village as per Census 2001	13
Annexure II List of Commercial, Public/Semi Public facilities and Utilities Proposed in Zonal Plan of Zone 'M'	14-15
Annexure III Identification of Mixed use streets in 'M' Zone	16
Annexure IV List of Commercial use streets in 'M' Zone	17
Annexure V Tentative List of Unauthorized Colonies Falling in Zone 'M'	18-21
Annexure VI List of application of pre-existing institutions (owing land) & rendering Religious (including spiritual) Healthcare and Education Services in response to public notice issued by M.P. section on 1.5.08	22
Land use plan (Map No.1)	23

1.0 Zonal Development Plan

A Zonal Development Plan means a plan for each Zone (division) containing information regarding provision of social infrastructure, parks and open spaces, circulation system etc. The Zonal development plan indicates the actual as well as proposed use zones designated in the 9 'landuse' categories stated in the Master plan according to which the area in the Zone is to be finally developed. User indicated in the Zonal Development Plan will not give automatic right to the owners to use their property/ land for the designated use. Based on the availability of the infrastructure services by the respective departments, the urbanisable areas will be opened up for development in a phased manner to meet with the needs of urbanization envisaged in the Master Plan-2021. The hierarchy of the Urban Development indicated in the Zonal development plan is to be inconformity with table 3.3 of the Master Plan 2021.

1.1 Introduction:

The National Capital Territory of Delhi is divided into 15 zones. As per the Master Plan of Delhi 2021, out of these A to H and P1, M & K1. are in Urban Delhi and Zones J,K2,L,N & P2 fall in Urban Extension Area. Zone O covers the area of river Yamuna.

Zone-M,(Rohini Subcity, Ph.III, IV &V) covers an area of 5524 Ha with a holding capacity of 9.8 lac population. This includes the land occupied by existing population about 2.84 lacs in 10 villages/ built up abadi. There are about 170 unauthorized colonies in this Zone.

Zone 'M' forms part of urban area under the Master plan of MPD-2021. The zone is situated on the North West Part of Delhi. The Zonal Development Plan of Zone-M is already approved by Govt. under MPD-2001 dated 26.5.2006 having an area of 5543 Ha. According to MPD-2021, the area of M Zone is 5073 Ha however, area of M-Zone has been taken as 5524 Ha Ph.III of Rohini Subcity comprises of Sector 20 to 25 and Ph.IV &V comprises of Sector 26 to 41 after the adjustment of an area measuring 19 Ha of public and semi public facilities overlapping with Zone 'H'.

2.0 LOCATION, BOUNDARIES AND AREA:

Mainly zone covers Rohini sub city (Ph.III , IV &V) which is bounded by following:

North East	:	Western Yamuna Canal
South	:	Rohtak Railway line
East	:	Boundary of Zone-H
West	:	Existing H.T.line

3.0 POPULATION, EMPLOYMENT AND WORK FORCE:

As per the MPD-2021, the Urban areas are proposed to be planned with an overall gross density 250-300 persons per Ha.

As per the projected population of this zone by 2021 is about 9,80,000. As per MPD-2021 the anticipated work participation rate is about 39% by 2021 and thereby the work force in the zone would be about 3,82,000.

4.0 EXISTING PROFILE:

4.1 Physical Characteristics :

The location of the proposed sub-city is on the terrain which is ideally suited for Urban development. The entire terrain is very well connected and has a extremely good drainage system and good soil for construction. The entire area has a contoured topography with land gradually slopping towards the south.

Phase-III of Rohini comprising of 6 sectors (20 to 25) & forming part of this zonal plan has been planned and developed. Breakup of major landuses in this phase is given in the table No.1 below:

Table No.1

LAND USE	AREA(HA)	%
Residential landuse	394.5	56.36
Commercial	35.0	5.0
Public & Semi Public facilities	63.0	9.0
Recreational	105.0	15.0
Transportation	102.5	14.64
TOTAL	700.00	100.00

In addition in Ph.III Rohini, 310 Ha land is built up area.

There are abadis of 10 villages in this zone, details of which have given in *Annexure.- 1*

GNCTD has developed 69 Ha of land for Engineering college.

Approximately 234 Ha land has already been developed as major resettlement scheme known as Sultanpuri Resettlement Scheme.

5.0 CONCEPT

- (i) The concept of the Zonal plan is based on land use transport interface so as to provide an environment friendly, safe, comfortable and efficient sub-city with a congenial residential environment. It is proposed to locate activity centers along the major traffic corridor and around the traffic nodal points. These activities/

/facilities belts would have segregated accesses for fast moving traffic and slow moving/pedestrian corridors.

- (ii) The circulation system/major road network has been worked out in such a way that its capacity will grow along with the growth of various facilities/activities centers/nodes. This would minimize the burden on unintended capacity improvement measures like flyovers on intersection/network.
- (iii) This landuse/transport integrated system will be further linked with various residential sectors and neighborhoods.
- (iv) Better transport connectivity, provisions of designated space for bus stop, details design of the intersection and surrounding network will be introduced by initiating various designs, Engg. and management actions from the beginning.
- (v) Integration of the scheme with proposed MRTS route will be achieved through locating of high density activities continuing along corridor up to depth of 500 m. on either side.
- (vi) Provision of rain water harvesting and effective garbage collections and disposal system will be introduced by the implementing agency/departments.
- (vii) Three dimensional integrated urban design form exercise for various residential /facility pockets and major transport corridor/intersection would be worked out for achieving distinct character of this sub-city extension.
- (viii) Considering the future metro linkage to Phase-IV & V along 60 m R/W of Road which connects Ph.IV & V/(100mR/W)UER-II in the west with Outer Ring Road and Ring Road in the East, it is proposed to develop both sides of these important corridor a city centre, which will have major commercial centre/district centre and zonal level/public semi public facilities.
- (ix) Zonal level greens have been proposed on the facility/commercial belt along major transport corridor between two major nodal points so to provide:
 - (a) Visual relief to the road users moving along the corridor, with a landscaped street along major corridor.
 - (b) Visual and physical integration of various sectors through these green pockets by system of non-vehicular modes of level, i.e. cycle/pedestrian independent corridors.
- (x) To maintain a hierarchy of development, various sectors will be proposed for the gross residential area marked in zonal plan. Care would be taken to link these sectors with motor vehicular net work and segregated cycle/pedestrian net work.

- (xi) Neighborhood planning within the sector will have a limited motor regular movement area within the neighborhood and priority would be given for pedestrian/cyclist movement within the neighborhood by locating green/facilities to achieve the better residential environment for children and elders. Pedestrian/cyclist movement will have a direct link to the activity area and recreational area with a safe passage without mingling with the fast traffic.

6.0 LANDUSE PLAN

The landuse plan of the sub city is based on the framework of the Master Plan landuse on following break-up as given in the table No. 2.

Table No. 2

LANDUSE	AREA (Ha)	%
Residential	3234.50	58.55
Commercial	158.80	2.87
Public & Semi Public facilities	449.90	8.15
Industry (Light & Service Industry)	323.30	5.85
Utilities	87.00	1.57
Government use	13.00	0.24
Recreational	595.40	10.78
Transportation	662.10	11.99
Total	5524.00	100.00

Note -Sector level roads are part of Gross residential landuse.

7.0 RESIDENTIAL DEVELOPMENT AND HOUSING AREA

The sub city when fully developed will provide housing to over 1.6 lac families of all income groups in both, public and private sectors. Special emphasize will be given in reserving the areas for the Re-settlement of squatters. The housing types proposed in the zones are:

- Housing for DDA registrants Janta/ EWS/LIG/MIG categories.
- Cooperative/Housing
- Housing for General Public.
- Housing through Private Sector
- Institutional Housing (for employees of various Govt. organizations).
- Resettlement of squatters.
- Plots for alternative allotment/auction

The village abadi areas, unauthorized colonies, would be dealt as per the legal provisions and policy decisions taken from time to time by working out detailed plans.

7.1 Unauthorized colonies:

The process of regularization of unauthorized colonies is being coordinated by the Govt. of GNCTD. Regularization of unauthorized colonies is a continuing process and is subject to the Government orders guidelines approved from time to time. The tentative list of the unauthorized colonies falling in the Zone has been annexed at Annexure-V in the Zonal Plan. As in the case of village Abadis, the 'Landuse' of the finally approved unauthorized colonies located in any use Zone, at any point of time, within the boundaries specified by the Competent Authority, would be 'residential'.

7.1.1 Redevelopment of villages:

As per the census of 2001, there are 10 villages in the "M" Zone. The name of villages with population is given at Annexure-I. It is proposed to redevelop these villages by providing required facilities around the villages with proper access from a proposed major road, to satisfy the need of village population in one hand and also to provide a buffer of facilities between the existing village and the proposed development to control unauthorized construction of village extension areas. Existing abadi of villages shall be treated as "Special Area" where special area regulation of MPD-2021 shall be made applicable.

7.1.2 Farm Houses:

The Farm houses were permitted and sanctioned under the provisions of Master Plans 1962 and 2001. As per MPD 2021 the Farm houses are now permitted only in the 'green belt'. All existing Farm Houses would be dealt with as per Govt. policy on Farm Houses.

7.2 COMMERCIAL:

As per MPD 2021 requirement of two District Centers (about 80 Ha) and 10 community centers about 4 Ha Each have been shown in the land use plan. Community centers to be planned in future will also have a component of service centre, suitably identified at the time of detailed planning to take care of such permissible activities at sector level. A whole sale market about 8 Ha has been proposed along 100 m R/W road in the western periphery of the proposed development.

7.3 INDUSTRY:

Area measuring about 323.2 Ha is proposed for light and service industry. The major industrial area (light and service industry) measuring about more than 300 Ha is proposed at the south of sector 40 & 41 at the junction of UER-II and Rohtak railway line. Remaining areas are proposed as service industry in small pockets in various sectors.

There is no unplanned Indl. area in Zone-M recommended for redevelopment in MPD-2021. However as per objections/suggestions received in response to publication of draft ZDP, Hon'ble L.G. has approved industrial cluster in non-conforming area at Prahladpur Banger for redevelopment under MPD 2021. This shall be dealt as per provisions of MPD-2021/Govt. Policy.

7.4 FUEL STATIONS :(Petrol pumps/CNG):

As per Master Plan standards a total number of 84 fuel station as per the details given below are required:

- | | | |
|--|------------------------|----------------------------|
| (i) Two fuel stations
(one PP+one CNG) per
150 hact.of gross resdl.Area. | (3234Ha)
Resi.area) | total 40Nos.(20 PP+20CNG) |
| (ii) Two fuel stations
(one PP+one CNG)per
40 hact.of gross Indl.Indl. area) | (323Ha) | total16 Nos. (8 PP+8CNG) |
| (iii) Four fuel stations
(two PP +two CNG)in -
Each district. | | total 8 Nos. (4 PP+4 CNG) |
| (iv) Two fuel stations
(one PP +one CNG)in -
Each C.Centre. | | total 20Nos.(10 PP+10 CNG) |

Total - 84Nos.(42 PP+42CNG)

The existing petrol pump sites form part of the total requirement of the petrol pumps.

7.4.1 CNG stations:

CNG Stations as per MPD-2021 are permitted in all use zones except in Park/Ridge/Developed District Parks. Petrol pumps are permissible in all use zones except recreational use zone. At the time of preparation of layout plans of various use zones namely residential, commercial, industrial, PSP facilities and other areas, fuel stations are to be earmarked as per norms given in MPD-2021. Already existing authorized CNG service stations for public transport vehicles may continue for this purpose alone till the layout plans/ redevelopment plans/ local area plans are prepared.

7.4.2 Gas Godowns :

30 gas go-down sites including the existing ones are required to be provided at the rate of 3 LPG go-down per one lac population.

These will be suitably located in the service centre and other use zone.

7.5 PUBLIC AND SEMI PUBLIC FACILTIES.

The requirement of Public and Semi Public facilities(social infrastructure from community level upto the regional level/zonal development level have been identified and located in facility centres as per the norms given in MPD-2021. Each such pocket is a cluster of various facilities. Types and number of facilities

as per norms have been proposed as given in Annexure-II. Actual provision of these facilities would be worked out while finalizing the layout plan of each facility centers/pockets.

The following institutional activity/PSP facilities under Residential use shall be permissible under sub clause 8(2) of MPD-2021.

- (a) Hospital(up to 100 beds)
- (b) Primary Health Centre/Family Welfare Centre/Maternity Home/dispensary etc.
- (c) Nursing Home/polyclinic/clinical laboratory etc.
- (d) Dispensary for pet and animals.
- (e) Primary school/Middle School/Sr.Sec.School
- (f) School for Mentally/Physically Challenged.
- (g) Technical Training Centre (ITI)/ Polytechnic/ Vocational/ Training Institute/Management Institute/Teacher Training Institute etc.)
- (h) Facilities-Bus Terminal, taxi stand, milk/ vegetable booths, religious premises, vending booth, petrol/CNG filling pump, recreational club, police post, police station, fire station, post office & telegraph office and telephone exchange.

7.5.1

Facility Corridor

In Master plan it is mentioned that for the Zonal Development Plans in the urban extension the facility belts/corridors shall be detailed out in the Layout Plans . The facility corridors indicated in the Zonal Development Plans will be detailed out into specific uses as per Master Plan at the time of preparation of detailed Layout and Sector Plans on the basis of feasibility and ground realities. The exact boundary of the facility belts/corridors will thus be governed by the approved Layout Plans.

7.5.2 Regularization of existing Health care, Educational, Cultural and Religious (including Spiritual) Institutions existing prior to 01.01.2006 on self-owned land not including Gram Sabha or Ridge land:

In pursuance of the Public Notice issued in this regard, the Authority resolved incorporation & regularization of the above uses/ activities in the 'public & Semi Public' land use category of the Master Plan. The applications of the existing Institutions as listed in the Annexure-VI shall be examined as per the Authority resolution and as per the directions of the Central Government issued from time to time. However, the regularization of existing Institutions located in the immediate vicinity of notified Ridge/ Reserved Forest/ Regional Park shall be subject to finalization & demarcation of the boundaries of the aforesaid respective use zones/areas.

In case of cultural, health care and educational institutions, the structures of such institutes as existed as on 1.1.2006, but not beyond the prevailing relevant provisions of MPD02021, shall be considered for regularization. However, in case of the existing religious (including spiritual) institutions and vis-à-vis the land presently owned by them, regularization shall be subject to the conditions that a) the built up area in these cases shall not exceed FAR of 15 with maximum 15% ground coverage; b) shall be confined to the buildings, which are directly related to the use activities – religious (including Spiritual); c) the structures as existed on 1.1.2006 shall only be considered; and d) the remaining area shall be kept as "green area" with no construction to be permitted in future.

The regularization of all the above institutions shall be confined to those listed in the Annexure-III of this Plan or those cases recommended by DDA to the Government on or before 8th March, 2010, & shall be undertaken only after ensuring that the change of land use u/s 11A of DDA Act, 1957 is notified in conformity with the provisions of MPD-2021 as and where required. This is further subject to the condition that such individual cases shall not be considered for regularization, if the site in question is located:

- a) On public/Government land; or on land acquired by DDA;
- b) On encroachment land; or on illegal occupies land;
- c) In notified or reserved forest area;
- d) In area of right of way infrastructure such as of existing/proposed railway lines/master plan roads, major trunk water supply and sewerage lines etc;
- e) Or if it violates the provisions of the Ancient Monuments and Archeological Remains Act, 1958, amended from time to time;
- f) Or in cases where there is a Court Order restraining change of land use or for eviction/vacation of premises.

Further, regularization orders of these categories of Institutions shall not be considered as approved, unless the requisite payment of penalty / levy / additional FAR charges etc. are deposited by the applicant institutes, all the conditions prescribed by Govt. are fulfilled and formal 'regularization orders' are issued by the DDA. None of the above institutes shall however, be entitled to put the land to any other land use at any time, and doing so shall invite take over of Land by the DDA for alternative uses, on payment of reasonable Compensation.

7.6. RECREATIONAL:

As per the Master Plan, 15% of area is to be kept under the green/recreational activities. This includes the City Park/District Park and Community Park. The other level of the park i.e. neighbor-hood, housing area shall be provided in the residential areas. Beside, these areas for multipurpose ground at city level, district level and community level shall also be provided. Since people are becoming more conscious about the recreational activities, sports activities, amusement park, theme park and other open spaces for the social cultural activities shall be suitably located in the zone. This will further increased to the recreational area proposed as 595.40 Ha.

7.6.1 Multi purpose grounds:

The net work of the multi purpose ground is a special category for holding marriages and other special functions has been proposed. These multi purpose grounds at the community level shall be upto 2 Ha at the district level of 4 Ha and the city (zone) level shall be 8 Ha The area of 595.40 Ha (10.8%) has been proposed for recreational use in this zone.

7.7 UTILITIES/PHYSICAL INFRASTRUCTURE:

7.7.1 Water Supply:

For the projected population the water demand for Zone-M works out to 58.8 MGD per day @ 60 gpcd. The major water treatment plant to serve the area of Rohini Ph.IV & V and proposed to be located in Narela Scheme near village Iradat Nagar on the western side of the Western Yamuna canal.

7.7.2 Sewerage System:

A new sewerage treatment plant along the Nangloi drain near village Shahbad Daulatpur with capacity of 70 MGD on a land measuring 40 ha.

7.7.3 Drainage:

With the help of supplementary drain (Varsha drain) and Nangloi drain yielding drainage of quantity of 3000 cusec. The ultimate capacity of supplementary drain has been kept as 10,000 cusec. The entire area will be drained through these channels.

7.7.4 Electric Supply:

With the help of existing 220 kv sub-station in Rohini and a proposed 220 kv Tower line near the village Barwala and connecting with the grid line through 66 kv and 11 kv substations the requirement of about 400 MW electricity will be met for this area.

7.8 CIRCULATION NET WORK:

The Zonal Plan indicates circulation network which is based on secondary source data. The actual detailed alignment will be with reference to the actual detailed project report / site survey and thus may undergo minor modifications at the time of finalizing the road alignment which will be incorporated in the Sector Plans/Layout Plans. A realistic strategy of compensation and rehabilitation of project affected person is recommended. The circulation system of the sub-city is based on mainly surface transport i.e.roads. However, it is proposed to strengthen MRTS as a major public transport to the sub-city. To achieve an environment friendly and safe circulation system, emphasis has been given on complete segregation of Motor Vehicular (fast) and non-motorised vehicular (slow) traffic at sub-city and also major arterial system and neighbourhood level circulation system.

The metro is already functioning from Madhuban Chowk onward in Rohini upto Rithala. There is a proposal to extend Metro corridor from Rithala to Barwala then along 100m R/W to Narela and Holombikalan

7.8.1 Road Network

The network of 100m, 80m, 60m, 40-45 m and 30m roads has been followed. This road system would be further connected by following hierarchy of roads.

- (a) Collector Streets: 20m to 28 m. R.O.W.
- (b) Local streets. 09 m.to 20 m. R.O.W.

It is envisaged that the above hierarchy of the roads would segregate the different kinds of traffic. Road with green buffer would also combat the air and noise pollution in the area. Attempt would also be made to provide dedicated cycle tracks within the major corridors which will be listed with sector level segregated non-motorized corridors.

Part of proposed roads passing through Lal Dora shall be reviewed for appropriate alternative as per site conditions.

7.8.2 Bus Depot/Bus Terminals:

As per the requirement, two bus terminals and two bus depots are required to cater the population of the sub-city which will be provided during the phases of the development.

7.8.3 Freight Terminal:

A freight terminal has been proposed adjacent to the wholesale market so that an integrated traffic circulation system is worked out considering requirement of the long distance/inter-city freight movement bringing goods from outside the city and inter-city movement for distribution of goods to the wholesale market and to other parts of the city/sub-city.

8.0 INFLUENCE ZONE:

As per Master plan 2021 para 3.3.2, Influence zone along MRTS Corridors and the sub-zones for re-development and renewal should be identified on the basis of physical features such as Metro, roads, drains, high tension lines and control Zones of monuments /heritage area etc. This identification is to be done in consultation with GNCTD. In the Zonal development plan prepared number of colony roads, local drains, high tension wires, heritage areas etc. are not indicated. Therefore, boundary of the Influence Zone has not been indicated in the Zonal Development Plan. It will be shown only in the local area plans which are more site specific. However, if there is any proposal received within 500 m of the central line of the MRTS/major transport corridor, it will be examined as per the

guidelines given for redevelopment in the Master Plan by the Technical Committee and the Authority.

9.0 MIXED USE STREETS:

The list of mixed use streets notified by GNCTD is annexed at Annexure-III

10.0 COMMERCIAL STREETS:

The list of commercial streets notified by GNCTD is annexed at Annexure- IV.

11.0 CHANGE OF LAND USE:

- i) The change of landuse from 'Recreational (District Park)' to Transportation (Heliport) is notified in Gazette of India vide S.O.No. 1752(E) dated 14.07.2009 for land measuring 25 acres in Sector 36, Rohini in Zone 'M'.

**POPULATION OF VILLAGE
AS PER CENSUS 2001**

Sl.No.	Name of Village	POPULATION
1.	Begumpur	7,772
2.	Mubarkpur Dabas	11,296
3.	Kirai Suleman Nagar	1,54,633
4.	Nithari	35,025

Sir,

I am directed to refer to DDA's above mentioned letters whereby the ZDPs of various zones pursuant to the notification of MPD-2021, as approved by the Delhi Development Authority, were forwarded to the Ministry for approval of the Central Government and to state that the proposals contained in the above-mentioned letters and other relevant

references have been examined, and approved by the competent authority with the following stipulations / conditions:-

- i) The ZDPs forwarded by DDA for zones 'A' to 'H' (except zone D) are approved u/s 11A of The DD Act, 1957.
- ii) The ZDPs forwarded by DDA for the zones 'J' to 'P' (except P-II) are approved u/s 9(2) of The DD Act, 1957.
- iii) Since the ZDPs also entail certain proposals recommended by DDA for change in land use which may not be in conformity with the Master Plan of Delhi (MPD)-2021, in-principle approval of Central Govt. to initiate the process of change of land use u/s 11 A of the DD Act is hereby granted for each such individual case subject to the stipulation that those individual cases may not be processed for forwarding to the Ministry if the site in question is located:
 - a) on public/govt. land; or on land acquired by DDA; (the only exception to this shall be those unauthorized colonies which may be eligible for regularization as per the Revised Guidelines/ Regulations issued by the Government in this regard in October, 2007 and March, 2008);
 - b) on encroached land, or on illegally occupied land;
 - c) in notified or reserved forest area;
 - d) in area of right of way infrastructure such as of existing/proposed railway lines/ master plan roads, major trunk water supply and sewerage lines except in cases where it is meant for the conforming use;
 - e) or if it violates the provisions of the Ancient Monuments and Archaeological Remains Act, 1958, amended from time to time;
 - f) or in cases where there is a court order restraining change of land use or for eviction/vacation of premises.

Applies

→ iv) The above mentioned stipulation would also be applicable for the proposed regularization of cultural, religious (including spiritual), educational and health care institutions, subject to final notification regarding change of land use in each case by the Central Government.

v) The approval above would be limited to those cases which form part of the ZDPs submitted by DDA, and only to those cases which have been recommended thereafter by the DDA to the Ministry upto the date of issue of this letter.

vi) DDA's proposal on regularization of cultural, educational and health care, religious (including spiritual) institutions is also hereby accepted with the stipulation that -

- a) as part of this exercise, the structures of the cultural, educational and health care institutions, as existed as on 1.1.2006, but not beyond the prevailing relevant provisions in this regard in the MPD-2021, shall be regularized.
 - b) In case of the religious (including spiritual) institutions, the structures as existed on 1.1.2006 would be permitted to be regularized subject to the condition that the remaining area would be kept as 'green' area with no construction to be permitted in future.
 - c) It may be further stipulated that for availing the benefit of regularization, additional FAR charges/penalty in respect of the above categories of institutions shall be notified by DDA with prior approval of the Central Government.
 - d) Formal regularization orders of these categories of institutions shall not be approved by DDA unless the requisite payment of penalty/levy/additional FAR charges etc. is undertaken by the applicant institutions.
 - e) While approving the proposal to regularize a large number of institutions in the abovementioned manner so as to avoid inconvenience to the public, it is also clarified that DDA shall ensure that the provisions made for such facilities in MPD-2021 will continue to be acted upon.
- vii) While accepting the proposal of DDA that the indication of Influence Zone along the MRTS/major transport corridor as well as the indication of uses other than 'residential' and 'facility corridor' shall be undertaken at the stage of layout plans/local area plans. This would be subject to the following conditions:
- a) DDA shall, with prior approval of the Central Government, finalize clear and unambiguous, policy guidelines, for-

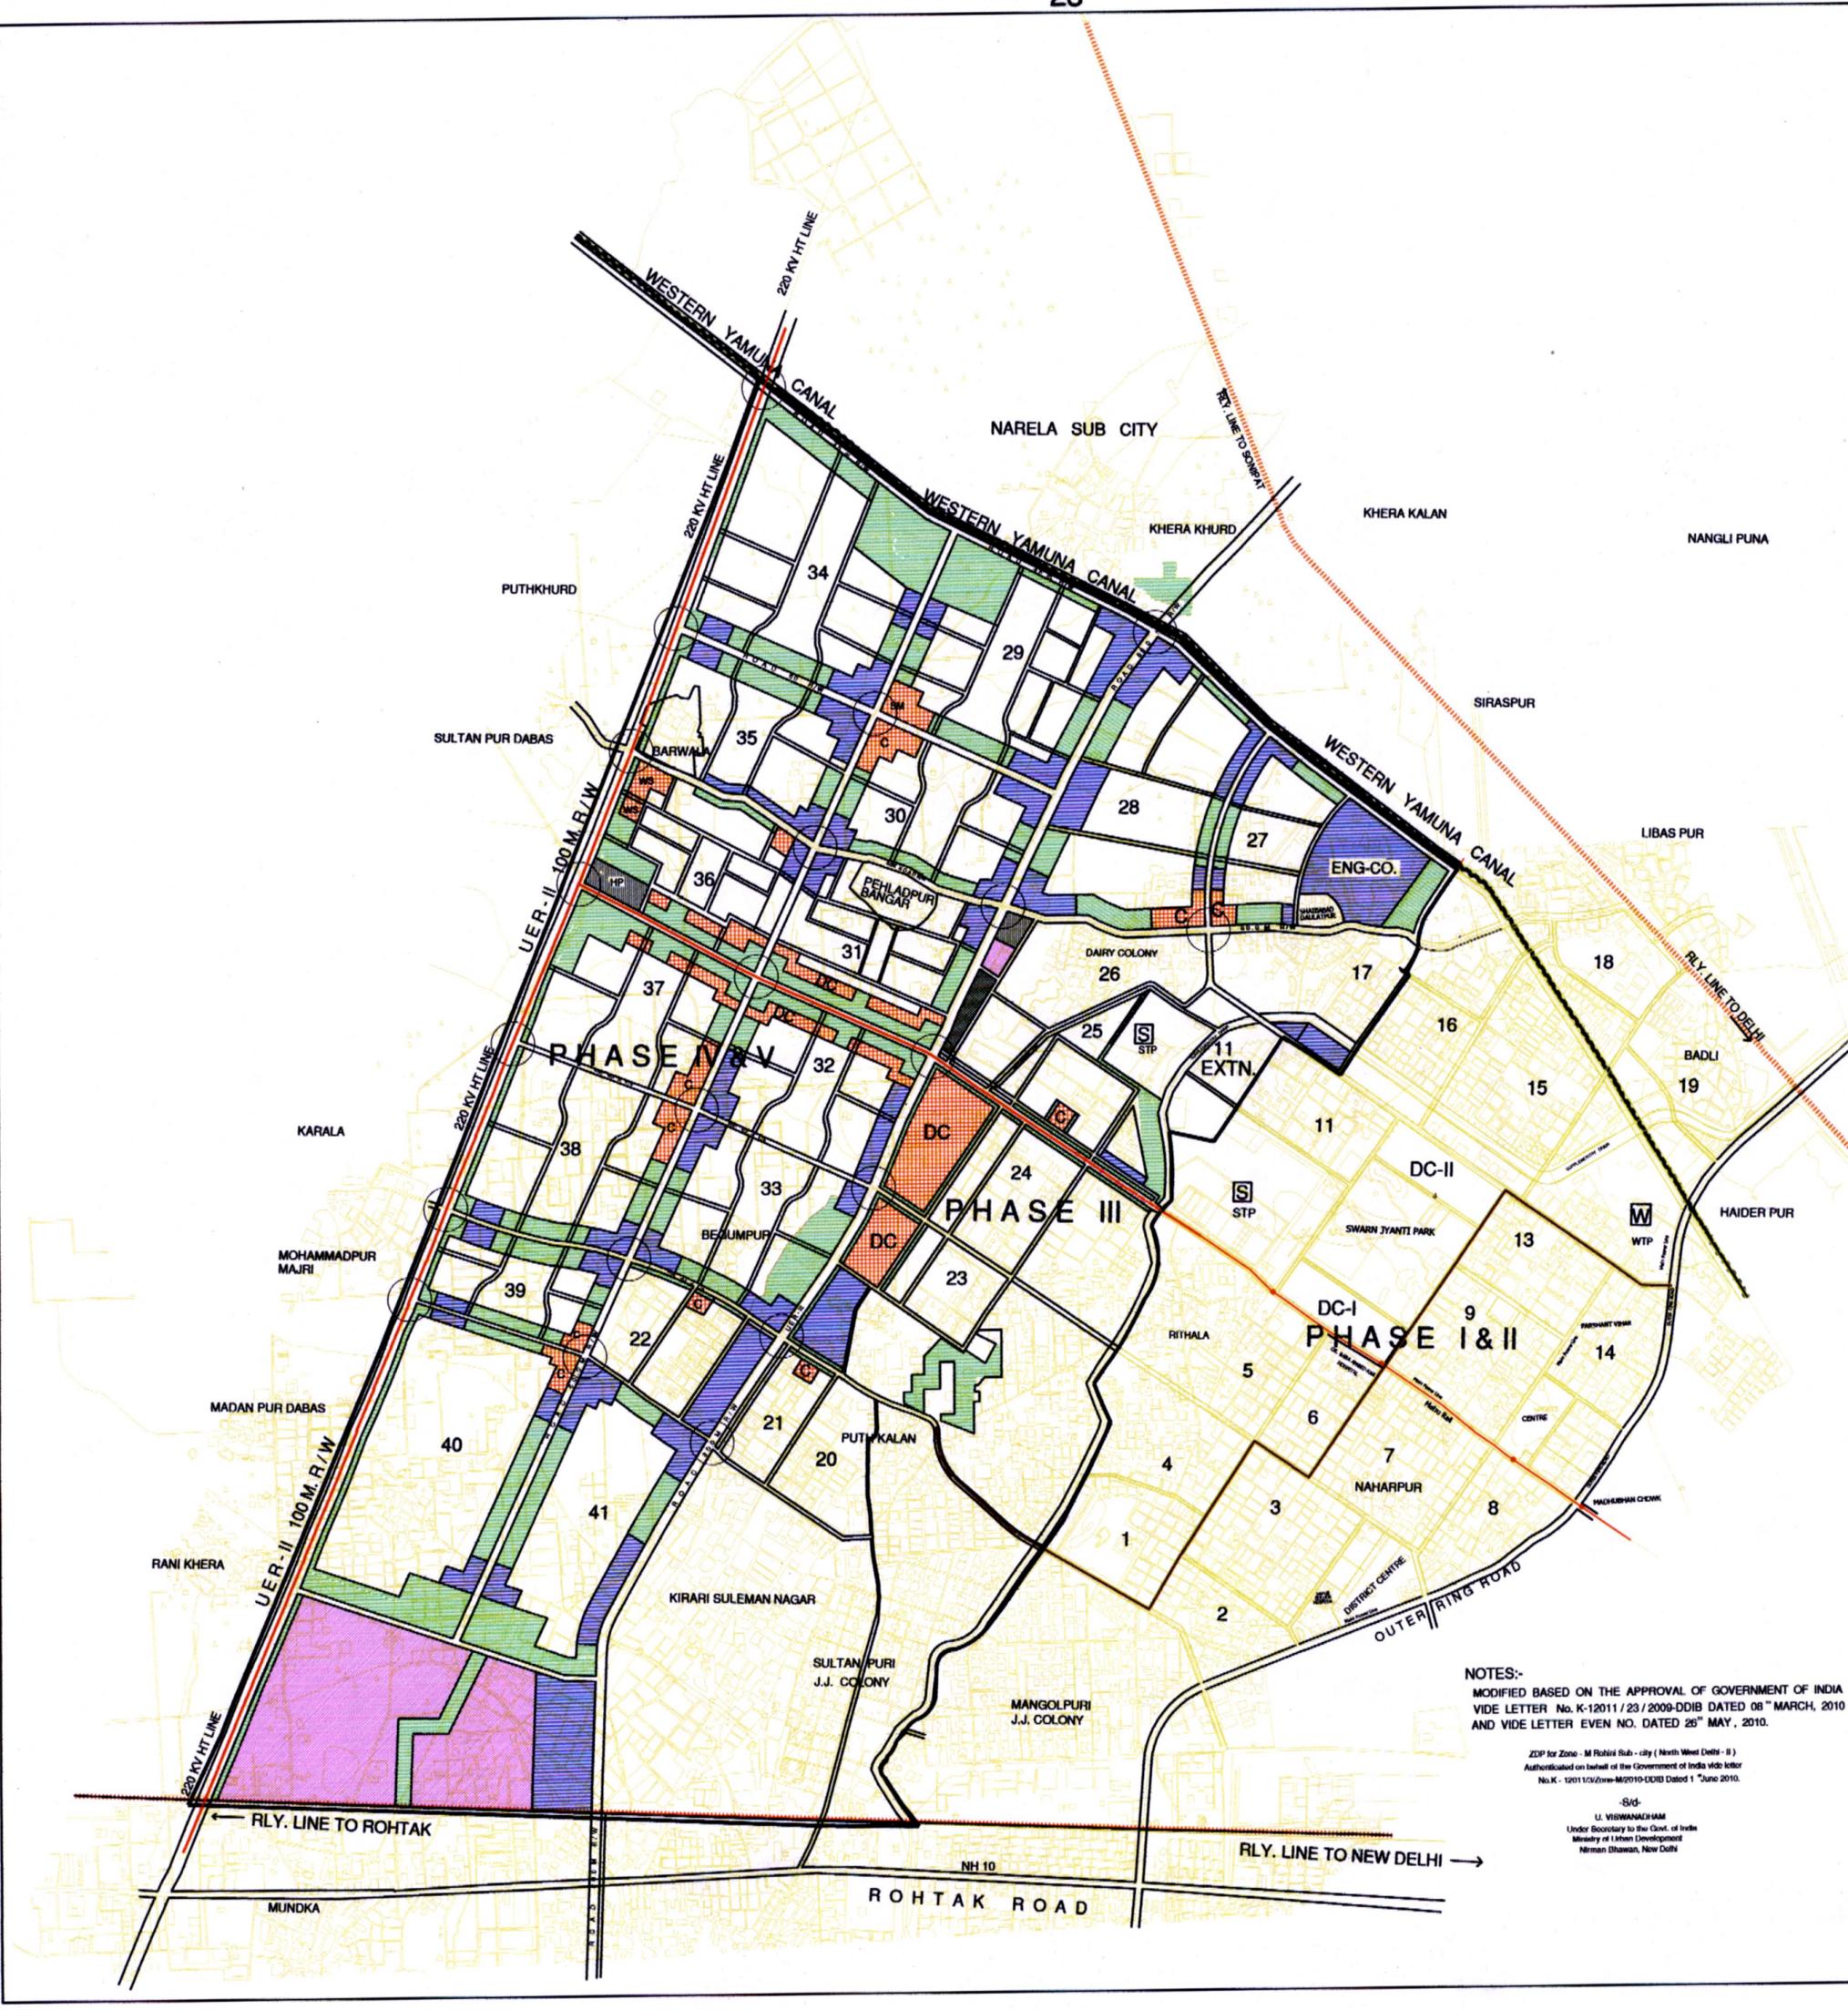

- i) the preparation and sanctioning of local area plans in all land use categories,
 - ii) the guidelines for preparation and sanctioning of re-development of Influence Zone along the MRTS corridor, as required; and
- b) that the work of finalizing the local area plans/layout plans may be completed by the DDA/local bodies *within three years* of notification of the ZDPs-2021.
2. It is clarified that this approval is restricted to the ZDPs of Zones A, B, C, E, F, G, H, J, K, L, M, N, O, and P-I only, which have been recommended by DDA. ZDPs for Zones D & P-II, duly approved by the Authority are yet to be forwarded by DDA to the Ministry.
3. Further necessary action to notify the Zonal Development Plans may be taken by the DDA accordingly.

Yours faithfully,

8/3/10
[Sujata Chaturvedi]
Director (DD)
